The Bottleneck in Life Science Research

Resource Allocation

Allocating time and resources
(~1,700 hours, ~10 months)

Cost Management

Managing high review costs
(~€130,000 / review)

Process Efficiency

Delays drug development and
regulatory processes

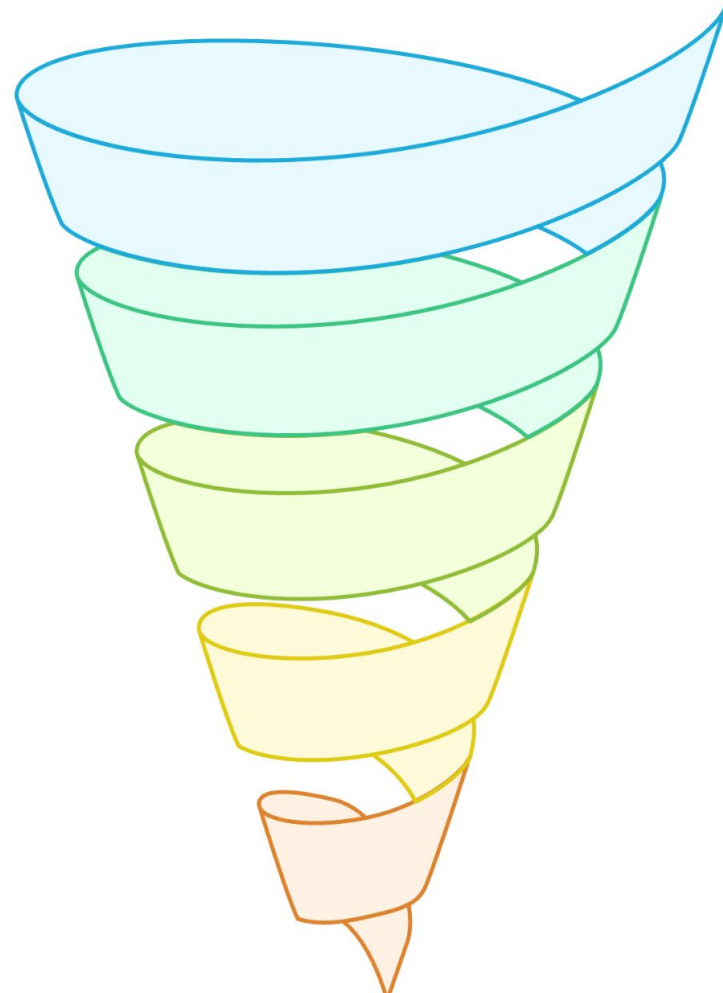

Errors

Manual processes are
error-prone

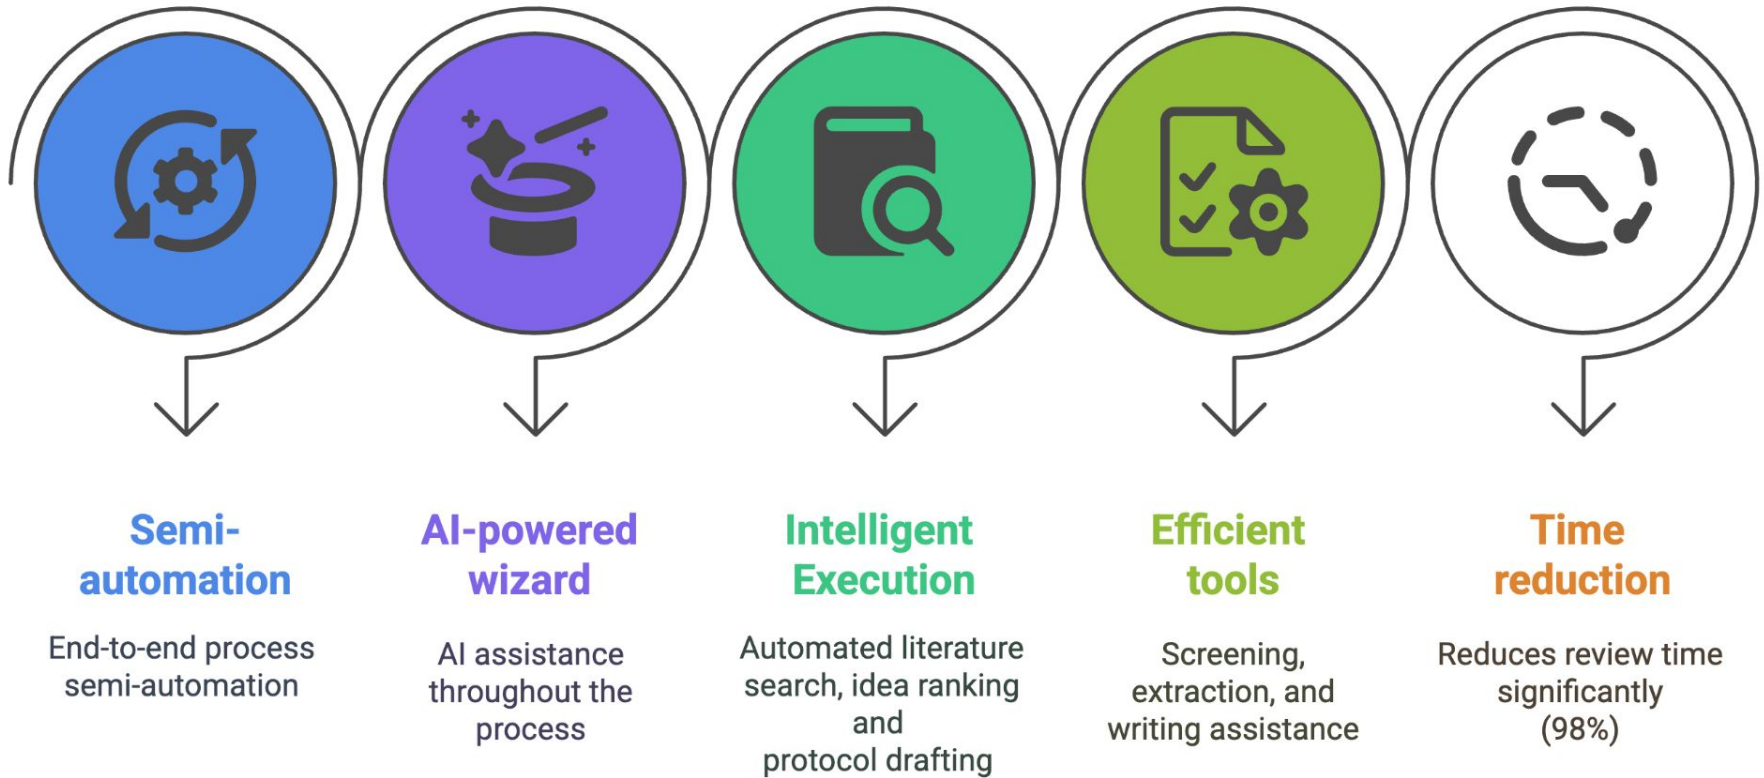

Compliance Alignment

Addressing regulatory discrepancies

Erudita.tech: The AI-Powered 360° Wizard for Systematic Reviews

“Erudita AI platform is designed to reduce false positives and is always reviewed by experts. This unique combination of automation and human oversight ensures accurate results, better decision-making, and full control over outcomes.”

A Multi-Billion Euro Market Ripe for Disruption

Systematic Reviews

53,000 in 2024 (published)

EU's SAM

Accumulative
€7.8B market share
by 2030

Annual Growth

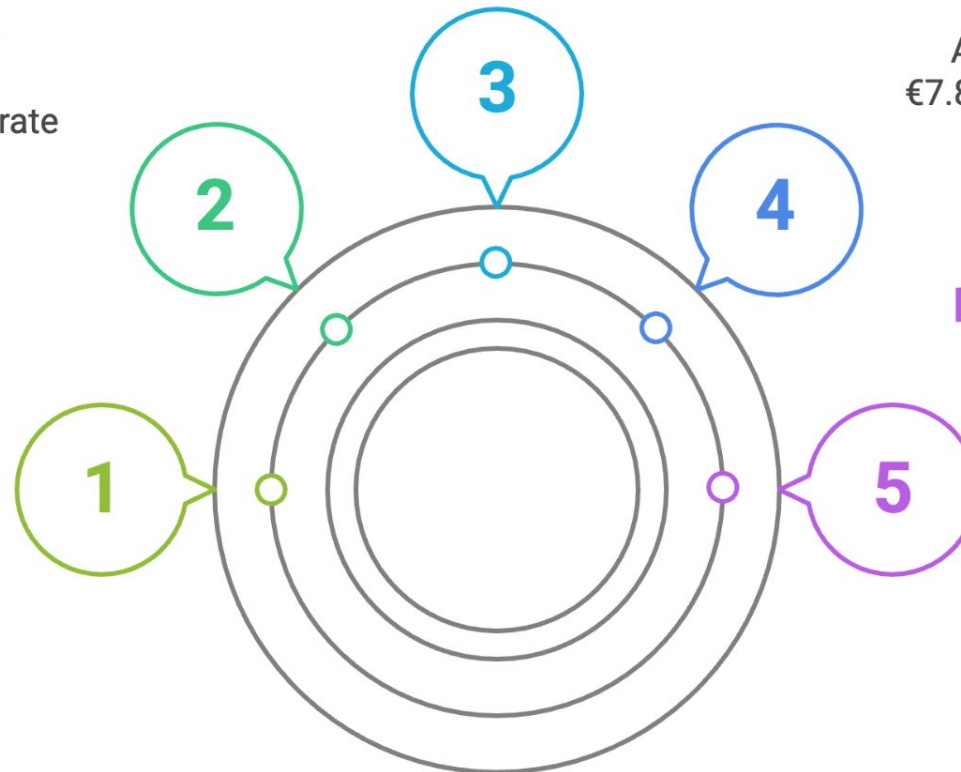

14% growth rate

Global Market

Accumulative
€88.7B by 2030

Demand & Segments

Pharma, CROs,
MedTech, Academia

Dual Approach for Rapid Adoption and Global Reach

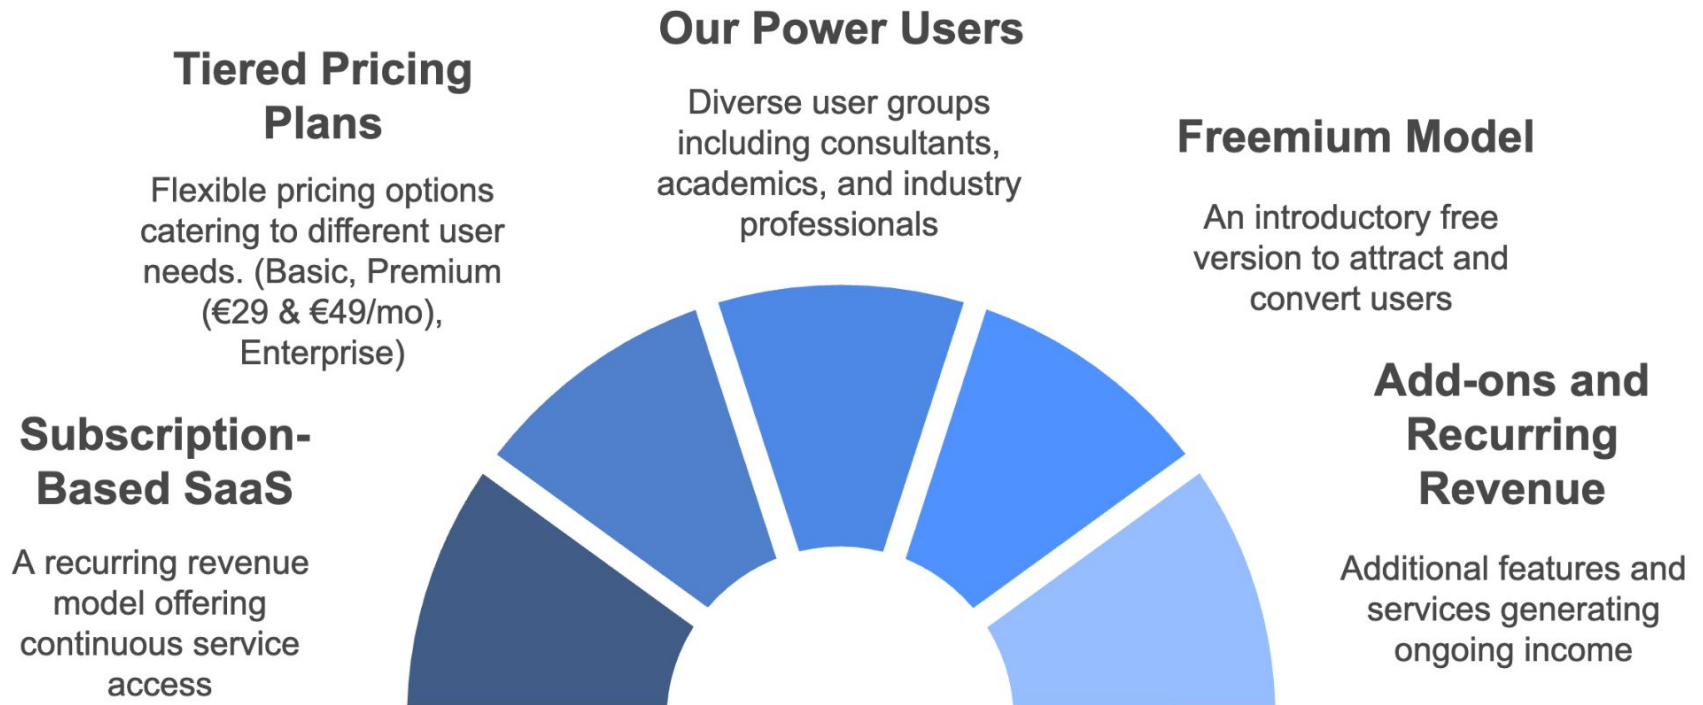

Erudita.tech: Standing Out with End-to-End AI Automation

Characteristic	 Erudita	 Elicit	 DistillerSR	 Rayan	 Covidence
